The development charges described in Schedule A to this By-law are imposed on land developed for residential uses including dwelling units accessory to a non-residential use and, in the case of a mixed use building or structure, on the residential component of the mixed use building or structure, according to the type of residential use.

(4) Amount of Charge - Non-Residential - Non-Industrial
The development charges described in the second column of each table in Schedule B(2) to this By-law are imposed on land developed for non-residential - non-industrial uses and, in the case of a mixed use building or structure, on the non-residential - non-industrial component of the mixed use, and are calculated with respect to each of the services according to the total floor area of the non-residential - non-industrial use.

(5) Amount of Charge - Reduction Where Water or Wastewater Services Are Not Available or Not Approved for Construction Within Two Years
If either water or wastewater services or both are not available adjacent to any land within the Regional Area at the time a building permit is issued in respect of such land, and Regional Council has not at that time approved in principle the construction within the two years next following the year in which the building permit is issued of either water or wastewater services or both adjacent to such land, the development charge otherwise payable in respect of development on such land shall be reduced in an amount equal to the portion of the charge attributed to each such unavailable and unapproved service in the Schedules to this By-law.

6. Timing of Payment

(1) The development charges imposed under this By-law shall be payable on the date that a permit under the Building Code Act is issued in relation to a building or a structure on the land to which the development charge applies.

(2) Notwithstanding Sub-section 6(1), in the case of residential development that is not an apartment, the water services, wastewater services and roads services components of the development charges under this By-law shall be payable with respect to an approval of a plan of subdivision under Section 51 of the Planning Act or a consent under Section 53 of the Planning Act at the time of execution of the subdivision agreement or an agreement entered into as a condition of a consent.

(5) Sub-sections 6(3) and 6(4) shall apply with necessary modifications to a development for which development charges have been paid pursuant to a condition of consent or pursuant to an agreement respecting same.

(9) Where a development requires an approval described in Section 4 of this By-law after the issuance of a building permit and no development charge was paid at the time of issuance of the building permit, the development charge shall be paid prior to the granting of the approval required under Section 4.

(10) Without limiting the authority of the Region to enter into any other agreement, the Region’s Chief Financial Officer is hereby authorized to enter into agreements providing for the payment of all or any part of a non-residential - non-industrial development charge before or after it would otherwise be payable, pursuant to Section 27 of the Act, provided that the following conditions are met:

a) security is provided in an amount and having form and content that is satisfactory to the Chief Financial Officer, to be realized or drawn upon in the event that the owner does not pay the charge;

b) the agreement contains provisions to index the development charges payable by the semi-annual Development Charges rate adjustment under Section 9;

c) the period of the deferral does not exceed four years commencing from the signing of the agreement; and

d) a non-refundable administration fee of $500 is paid by the person requesting the agreement to cover costs associated with preparing and monitoring the agreement.

(11) Without limiting the authority of the Region to enter into any other agreement, the Region’s Chief Financial Officer is hereby authorized to enter into agreements providing for the payment of all or any part of an industrial development charge before or after it would otherwise be payable, pursuant to Section 27 of the Act.

7. Undetermined Uses

(1) If at the time a building permit is issued, the use of a non-residential building or structure has not been determined as between industrial or non-residential - non-industrial, the owner, at the Region’s discretion, may be permitted to pay development charges in an amount equal to the lowest rate among the candidate uses, provided that the owner shall also submit, maintain, and if required supplement a non-revocable letter of credit, or other form of security, in an amount and upon terms satisfactory to the Chief Financial Officer, to be realized upon by the Region in the event that the building or structure is later determined by the Region to have a use that attracts a higher applicable development charge rate.

(2) Where the Region requires the payment of development charges at the non-residential - non-industrial rate in accordance with the Schedule B(2) rate under Sub-section 7(1), the amount payable shall be the amount calculated at the rate or rates in effect at the later of the date of issuance of the building permit and the date that the payment of the development charges is received.

(3) Where the Region determines that the building or structure is an industrial use, the security provided to the Region pursuant to Sub-section 7(1) of this By-law shall be refunded or returned to the owner to the extent such security is not required under Sub-sections 7(1) and 7(2).

(4) The security provided to the Region pursuant to Sub-section 7(1) of this By-law, shall be increased annually forthwith upon demand by the Region to ensure that the security is adequate to satisfy the owner’s potential liability for development charges pursuant to Sub-sections 7(1) and 7(2).

8. Temporary Buildings or Structures

(1) No development charge is imposed under this By-law in respect of a temporary building or structure so long as its status as a temporary building or structure is maintained in accordance with the provisions of this By-law.

(3) In the event that a temporary building or structure becomes protracted, it shall be deemed not to be, nor ever to have been, a temporary building or structure and,
