

Burnhamthorpe Trail: Confederation Parkway to Central Parkway

- We are installing a 1500mm diameter watermain from Grand Park Drive to Cawthra Road by tunnelling.
- Tunnel shafts must be excavated along the construction route. Each shaft will be surrounded by a walled compound during construction.
- **Currently, construction compounds interrupt the Burnhamthorpe Trail (and sidewalks) at:**
 1. YMCA (west of Living Arts Drive)
 2. Duke of York Boulevard to entrance to 201 City Centre Drive
 3. Just west of Kariya Gate
 4. Burnhamthorpe Road west of Hurontario Street
 5. West of Central Parkway
- Other compounds will be added as work progresses.
- **Cyclists** must detour or ride on the road. [Please see the suggested detours on the following page.](#)
- **Pedestrians** should use the sidewalks on the south side of Burnhamthorpe Road. Please cross safely at the traffic lights, and take note of lane realignments.

Please walk, ride, roll and drive safely!
