
REPORT TITLE: **2025 Fees and Charges**

FROM: Davinder Valeri, Chief Financial Officer and Commissioner of Corporate Services

RECOMMENDATION

- 1. That the Region of Peel’s Fees By-law 43-2002, as amended, be further amended to adopt the changes to the fees and charges as outlined in the report of the Chief Financial Officer and Commissioner of Corporate Services, listed on the November 21, 2024 Regional Council Budget agenda titled “2025 Fees and Charges”; and**
- 2. That the necessary amending by-law be presented for enactment.**

REPORT HIGHLIGHTS

- The Region of Peel’s fees and charges are reviewed annually to recover increased costs and to respond to changing market conditions.
- This report outlines the proposed changes to the Region’s fees and charges for 2025.
- User fee revenue funds less than 1 per cent (i.e., 0.8 per cent) of the proposed 2025 Regionally Controlled Operating Budget.
- There is no financial impact on the 2025 Budget resulting from any changes to the fees and charges.
- As a result of Bill 23, three fees related to Regional Official Plan Amendments are being removed through the Region of Peel’s Fees By-law.
- The by-law to amend the Fees By-law (and the corresponding schedules) will be brought forward to Council for enactment.

DISCUSSION

1. Proposed Amendments to Fees By-law 43-2002

Each year, a review and update guided by the financial principle “Users Pay Where Appropriate”, as outlined in the Financial Management By-law, is conducted on user fees. The review and update determine any increases, additions, deletions, or changes to the user fee schedules.

The revised fees and charges are presented to Regional Council for approval as part of the budget process and the schedules attached to the Fees By-law are amended each year to reflect the newly enacted fees.

The updated Schedule A and Schedule B to the Fees By-law for 2025 will be attached to the amending By-law when presented to Council for enactment with the Budget.

2025 Fees and Charges

- User Fees (Schedule A) represent fees and charges paid only by those individuals who take advantage of a product or service. These revenues fund 0.8 per cent of the Region's proposed 2025 total operating budget which is consistent with prior years.
- Water Consumption and Wastewater System Fees and Charges (Schedule B) represents required billings from Peel residents for the delivery of water and wastewater services.

2. Summary of Changes

Appendix I to this report summarizes 268 proposed changes to the user fees contained in Schedule A of the Fees By-law. For reference, Schedule A details 417 user fees in total for the year 2025.

Table 1 below provides a summary of the types of changes.

TABLE 1: 2025 User Fee Summary of Changes

Fees	Type of Change	Number of Changes
New	Introducing fees	4
	Subtotal New Fees	4
Increases	Change in fee structure	1
	Transition to full cost recovery	1
	Align with market value	18
	Inflationary costs	211
	Labour costs	22
	Subtotal Increased Fees	253
Deleted	Service no longer required	8
	Subtotal Deleted Fees	8
Other*	Change in fee structure	3
	Subtotal Other Fees	3
Total Changes		268

*Change in fee structure results in inconsequential impact to fee revenue

The majority, 211 (83 per cent) of the 253 increases in Appendix I result from inflationary costs. Twenty-two (22) increases are due to labour costs, eighteen (18) increases are to align with market value, one (1) increase to transition the fees to full cost recovery and one (1) increase due to change in fee structure. Other changes include three (3) changes in fee structure which results in inconsequential impact to fee revenue.

The remaining changes include four (4) new fees being introduced and eight (8) deleted fees.

2025 Fees and Charges

3. New Fees

Four (4) new fees are being introduced in 2025.

a. Two (2) new fees - Water and Wastewater

Turn Off/Turn On Fees (Residential)

Regular Hours 7:00am – 4:00pm (Monday – Friday)

After Hours Including Saturday/Sunday and Holidays

- These two fees are being introduced to recover the labour and material costs associated with turning off/on water at single residential properties during the regular hours of 7:00am – 4:00pm (Monday – Friday) or after hours including Saturday/Sunday and holidays, at the customer's request. The first call is free for one turn off/on per address each calendar year. For multiple calls within the same day, the first turn off and on are free, and fees will apply thereafter. Cancellations require 24-hour notice, otherwise, fee will be charged.
 - Regular Hours Fee is \$50.00 per service.
 - After Hours Fee including Saturday/Sunday and holidays is \$100.00 per service.

b. Two (2) new fees - Seniors Services

Seniors Health and Wellness Village at Peel Manor (SHWV) – Respite Fee

Full Rate per Bed/Day

Minimum Fee per Bed/Day

- This fee is being introduced to recover the labour and material costs associated with Respite Services provided to residents at SHWV. The fees are charged for up to 24 hours of client stay. If a cancellation is within two weeks, the Region reserves the right to charge for the time booked.
 - Full Rate Fee is \$79.65 per bed/day
 - Minimum Fee is \$53.52 per bed/day

4. Deleted Fees

Eight (8) fees are being deleted as they are no longer required in 2025.

a. Three (3) deleted fees – Development Services

In November 2022, the Province introduced Bill 23, the More Homes Built Faster Act. Part of the Act legislated that the approval and land use planning responsibilities under the Planning Act and Peel's Official Plan can no longer be performed at the Regional level. Three planning functions related to the Official Plan transferred to the local municipalities and the Province as of July 1, 2024.

Application to Amend the Regional Official Plan

Application Requiring Full Circulation

- Fee was \$23,218.81 per application.

Public Notice

- Fee was the actual cost of the application.

2025 Fees and Charges

Regional Planning Division and Growth Management Regional Official Plan - Current Office Consolidation

- Fee was \$95.61 per copy.

b. Two (2) deleted fees - Public Health

Marijuana Grow Ops Investigation

- Peel Public Health no longer conducts Marijuana Grow Ops investigations. These investigations are no longer conducted due to the legalization of cannabis in 2018.
 - Fee was \$500.00 plus HST per case.

Replacement Food Handler Training & Certification Wallet Card

- Peel no longer provides physical wallet cards as these have been replaced with digital copies. Peel's new online registration system allows for the digital copy to be easily generated and sent via email to the client to confirm their certification.
 - Fee was \$9.98 plus HST per client.

c. Two (2) deleted fees - Waste Management

Compost (Bulk)

Compost (Bulk) Picked up at CRCs

- The sale of compost at Peel's Community Recycling Centres (CRCs) was permanently discontinued in January 2024. Council approved that Peel permanently discontinue the sale of compost to residential customers at CRCs due to the operational efficiencies, availability of compost from retailers in the community, and lack of customer demand. Council resolution (2023-863)
 - Fee was \$35.00 plus HST per tonne.

d. One (1) deleted fee - Water and Wastewater

Sewer Flushing/Cleaning

- This sewer flushing/cleaning fee is being removed as it is no longer being utilized. As all residential properties require a sewer inspection when sewer flushing/cleaning is being performed, this service is more suitable under Emergency Sewer Back-Up Charges.
 - Fee was \$71.75 per hour.

5. Fees with Significant Increases

Of the 253 increases summarized in Table 1, one (1) fee has been identified in the Water and Wastewater service as having a significant increase in 2025.

For the purposes of this report, an increase is defined as significant when the increase (2025 fee compared to 2024 fee) is both more than \$250.00 and greater than 10 per cent (>\$250 and >10 per cent).

2025 Fees and Charges

The fee is detailed as follows:

Water and Wastewater

Emergency Sewer Back-Up Charges

Residential after-hours including Saturdays/Sundays and holidays:

Increase: \$372.16 (64.40 per cent)

- This fee is being introduced for residential emergency sewer back up calls made after hours. The previous fee covered residential calls during any time/day of the week. Fees have now been split into two fees, one for regular hours from 7:00 am - 4:00 pm (Monday - Friday) and another for after-hours including Saturdays/Sundays and holidays. This after-hours fee has been increased to account for staff overtime costs and contractor costs.
 - Fee has increased from \$577.84 to \$950.00 per call for after hours.

Refer to Appendix I for additional details.

6. Water Consumption and Wastewater System Fees and Charges (Sewer Charge Rates)

Appendix II to this report summarizes the proposed changes to the 2025 water consumption and wastewater system fees and charges contained in Schedule B of the Fees By-law and incorporates a blended increase of 5.9 per cent for the water and wastewater rates.

7. Public Notice

The Region of Peel's Public Notice Policy G00-16 requires public notice to be published in newspapers and posted on the Region's website at least 10 days prior to the enactment of a by-law fixing fees and charges and any amendments thereto.

The By-law to amend the Region's Fees By-law 43-2002 will be presented to Council as part of the 2025 Operating and Capital Budget submission on November 21, 2024. This includes fees or charges for the use of Peel water, wastewater, sewer, and waste management systems, and any increases, additions, deletions, or changes to the Fees By-law. In accordance with the policy, notice of these By-law changes was published on November 7, 2024, as a minimum of 10 days before the enactment of the amending by-laws.

8. Proposed Direction

The changes outlined in this Report be adopted by Council and the by-laws be amended accordingly to reflect the changes.

RISK CONSIDERATIONS

As the relevant By-law is being adjusted to reflect the Council approved 2025 Budget, there will be no risks, financial or otherwise.

2025 Fees and Charges

BILL 112 RISKS AND IMPLICATIONS

On June 8, 2023, the Province passed Bill 112, the *Hazel McCallion Act (Peel Dissolution), 2023*, which was initially intended to dissolve the Region of Peel and provided for a Transition Board to make recommendations to the province on how to implement the restructuring. On June 6, 2024, Bill 185 took effect, amending Bill 112 and reversing the decision to dissolve the Region of Peel. Bill 185 changed the name of the legislation to the *Hazel McCallion Act (Peel Restructuring), 2023* and recalibrated the Transition Board's mandate to focus on making recommendations on land use planning; water and wastewater; storm water; highways; and waste management. Final details of the Transition Board's recommendations, any associated provincial decision and impacts on Peel services are not known at this time and will be addressed in future reporting to Regional Council.

FINANCIAL IMPLICATIONS

The Fees By-law is being amended to align with the 2025 Budget increase.

There is no financial impact on the 2025 Budget resulting from any changes to the fees and charges. The revenues generated from the proposed changes to the Fees and Charges have been included in the 2025 Budget. User fee revenue funds 0.8 per cent of the Region's proposed 2025 Regionally Controlled Operating Budget.

CONCLUSION

Fees and charges have resulted in several recommended fee adjustments to address service costs and service levels. The changes to the fees and charges are being proposed to address service costs and service levels.
