

Community for Life

Throughout the spring and summer of 2015, the Region of Peel asked its residents and community partners, “What can you imagine for our community by 2035?” Based on thousands of responses, the Region developed a new vision to carry us into the future. That vision is **Community for Life** and this is our Strategic Plan to achieve it.

FUTURE FOCUSED

The challenges of the future are complicated, large in scale and interconnected. Continuing to deliver impactful outcomes for citizens requires us to become increasingly citizen-centric and future focused. To rise to that challenge, this Strategic Plan differs from previous efforts in two key ways:

- 1) **Developed through extensive community engagement:** In addition to traditional consultation, the Region expanded our reach to thousands of citizens who don't typically engage in municipal planning efforts. Among our outreach, we heard from residents at community events, on social media and through an interactive exhibit at the Peel Art Gallery, Museum and Archives (PAMA), providing us with feedback from people of all ages, backgrounds and experiences.

- 2) **Long-term vision:** This Strategic Plan adopts a 20-year framework. This long-term approach allows us to take on bigger challenges, in the interests of our citizens, than would be possible in a four-year Term of Council.

OUR VISION, MISSION & AREAS OF FOCUS

Our vision is **Community for Life**, a place where everyone enjoys a sense of belonging and has access to the services and opportunities they need to thrive throughout each stage of their lives.

Our organizational mission describes how the Region will deliver on our vision and what difference we seek to make in the world. It is **Working with you to create a healthy, safe and connected community.**

Living, Thriving and Leading are areas of focus where the Region of Peel will improve as a result of this strategy.

More than any time in history, collaboration is essential to manage the broad-scale and interconnected challenges before us. As we set out on the path towards 2035, we do so side by side with you, the people of Peel, **working with you** to make Peel an exceptional **community for life**.
