

The Early Years and Child Care Sector in Peel

The EYCC Service System Plan

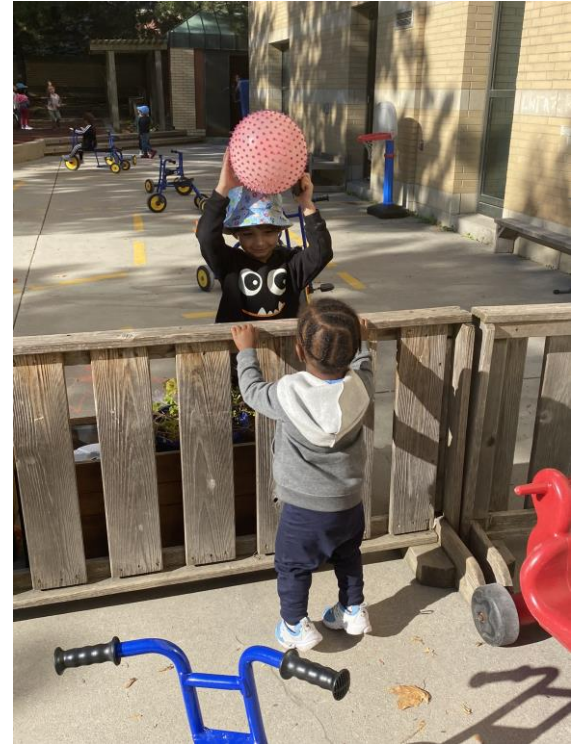

Peel Region is a growing and diverse municipality, and the needs of its children and families have changed over the past 20 years. To help manage this growing system, Peel Region introduced a road map for early years and child care ([EYCC System Plan 2019-2024](#)).

It is our vision for creating a system that is affordable, inclusive, high quality, accountable, and accessible.

The EYCC Service System Plan (continued)

We are developing a new road map which will be based on feedback from Peel's diverse families. Through surveys, focus groups, pop-up community events with children and families and existing data, we will better understand the child care needs of all families and ensure the diversity of Peel's population is represented in the next plan and system priorities.

The EYCC System

Early Years and Child Care Services builds and supports a system that is responsive to current and future needs of children and families in Peel.

Licensed Child Care: we support child care providers to deliver inclusive, affordable, accountable, high quality and accessible child care.

EarlyON Program: we oversee free programs that help families with children 6 years and younger to grow and learn together.

Child Care Subsidy: we provide money and support so that families with lower incomes can afford licensed child care.

Special Needs Resourcing: we support all children to participate in licensed child care by connecting providers and families with special needs resources.
