2015 Residential Property Tax Information

Your Regional Tax Dollars at Work

The Region of Peel is part of a two-tier municipal structure that provides community and infrastructure services that are in addition to those provided by the local municipalities. These programs and services help to address the priority needs of approximately 1.4 million people and over 100,000 businesses in Brampton, Caledon and Mississauga.

Average Residential Property Tax

Your residential property tax bill consists of three components. The Region of Peel portion represents 42% of the average residential property tax, which supports services provided by the Region. Each municipal tax bill will reflect more specific property tax information.

The Region of Peel is governed by Regional Council, a decision-making body of councillors who represent citizens in Brampton, Caledon and Mississauga.

To learn more about how residential property tax is aligned with the Region's *Budget, Strategic Plan* and *Term of Council Priorities*, visit peelregion.ca/strategicplan.
