**RE:** Updates Development Charges Hard Services Portal and User Guide effective March 15, 2019

---

In order to provide greater ease for developers to pay hard service development charges, the Region will be introducing some enhancements to the development charges portal on March 15, 2019. The key system updates are geared primarily at reducing the need for manual input of hard service payment information. An updated user guide, which can be accessed at the following link <http://www.peelregion.ca/finance/> provides more details on the changes to the portal and how to navigate the system.

The Region hopes these enhancements will provide you a better experience creating your hard service payment orders. We look forward to your feedback on the changes to the portal as we seek to further enhance the service we provide to Peel's development community.
