

Peel 2041: Regional Official Plan Review

Community Update, August 2018

The [Peel Region Official Plan](#) is Regional Council's long-term planning policy framework. It provides direction for growth allocation, environmental protection, resource management, transportation, housing and Regional services.

The Official Plan is currently being reviewed in order to keep it current, meet the goals and requirements of Provincial plans and legislation, and support regional and local municipal community building objectives. This process, known as [Peel 2041: Regional Official Plan Review](#), is being done over a number of years through a series of Regional Official Plan Amendments (ROPAs). Peel 2041 will consider policy changes in the following areas:

Recent Peel 2041

Regional Official Plan Review Milestones:

- **September 1, 2017:** [ROPA 27](#) came into effect. It was the first ROPA under Peel 2041. ROPA 27 includes policies related to health and the built environment and age-friendly planning to provide for the development of healthy, complete communities.
- **February 2018:** Peel's Integrated Planning, Transportation and Growth Management staff held a series of open houses to consult with the public on [draft Growth Management and Transportation ROPAs](#). Staff heard from many residents and stakeholders about the Region's plans to welcome more than 500,000 new residents and 250,000 new jobs to Peel by 2041, while ensuring environmental protection and responsible resource management. Click to view the [Growth Management and Transportation ROPA Open House Display Boards](#).
- **March 21, 2018:** The Province released [draft guidance](#) for implementing the Growth Plan, 2017, which impacts the Regional Official Plan Review process.
- **April 26, 2018:** Regional staff updated Regional Council on the recent changes to planning processes with four reports and a presentation. Click to visit the [Growth Management Strategy](#) page to view the April 26, 2018 materials.

Staff is continuing to work on the Peel 2041 focus areas and will adjust work plans accordingly as further Provincial guidance is released. Peel staff is committed to continued engagement with the public, local municipalities, stakeholders, businesses and Indigenous communities throughout this process.
