

## Appendix II: Peel 2051 Official Plan Review Responses to Major Agency Comments

ID #	Date	Contact	Comment Summary	Response Summary	Focus Area
			<p>requirement; therefore the Town does not agree with the prescribed use of this tool. Block Plan policies should allow for flexibility, as there may be instances where block planning is necessary but, in some cases, the secondary planning process will be sufficient.</p> <ul style="list-style-type: none"> <li>• Town staff support the Regional policy direction for the Future Strategic Employment Area around Sandhill but suggest further consideration be given to this area.</li> <li>• Request for increase employment lands, over to 1,700 hectares, to help retain existing businesses, attract new businesses, and move towards a more balanced tax ratio. Town staff request that Regional Council increase the amount of employment lands in the SABE.</li> </ul>		
STAT-21-074xcii	December 16, 2021	Bailey Loverock Senior Planner, Town of Caledon	Staff prepared a <a href="#">revised version</a> of the Regional staff recommended draft SABE map. This mapping is intended to support the Town's comments provided and addresses the concerns highlighted by staff, such as some of the proposed	<ul style="list-style-type: none"> <li>• Under the 5.6.20 – Designated Greenfield Area preamble, a sentence will be included describing that if the secondary plan provides a sufficient level of detail (ultimately meeting the level of detail that a block plan would address) a separate block</li> </ul>	Settlement Area Boundary Expansion

Note: This table represents a summary of comments received from agencies that required significant policy or schedule amendments. Comments and responses may be summarized. Copies of the correspondence received and the full table responding to all comments provided will be available on the Peel 2051 website in advance of the recommendation report proceeding to Regional Council for adoption in the Spring of 2022. Responses to comments are draft and may be revised based on subsequent consultation with agencies.
