

October 18, 2018  
Project 15-1375 D

**PROJECT UPDATE  
WATERMAIN REPLACEMENTS AND IMPROVEMENTS  
BARNSTEAD COURT, FREDERICK STREET AND ROSEVILLE DRIVE  
CITY OF BRAMPTON**

**What are we doing?**

- Reinstating driveways, sod, curb and road following the replacement of the watermain and services along Frederick Street, Barnstead Court and Roseville Drive.
- To complete restoration following upgrade of the water distribution system.

**When?**

- We expect to start work at Barnstead Court and Frederick Street on or about October 24, 2018.
- The project should be completed before December 2018.

**Who can you call?**

Region of Peel		
Contact Person	Responsibilities	Telephone Number
Rene Gomez	Project Manager	905-791-7800, ext. 3809
Lester Bruno	Inspector	905-791-7800, ext. 3246
CG Construction		
CG construction will do the work, under contract to the Region of Peel		
Contact Person	Responsibilities	Telephone Number
Donny Mele	Project Manager	416-285-7719
Joe Caputo	Site Superintendent	416-285-7719

**Traffic and Parking Control**

- We may need to reduce traffic to a single lane during construction.
- If we have to reroute traffic, we will place signs giving directions.
- Please make sure that the road is cleared of vehicles (and any type of materials) by 7 a.m.
- **Please do not park on the road during the above dates.**

**Driveway Access**

- Due to construction activities, we may need to block your driveway for a short time. We will contact you before we do this to arrange for the best time and for alternate access, if needed.
- We will make sure businesses have access at all times.
- Please call the Project Manager if you have special needs related to access or business hours.

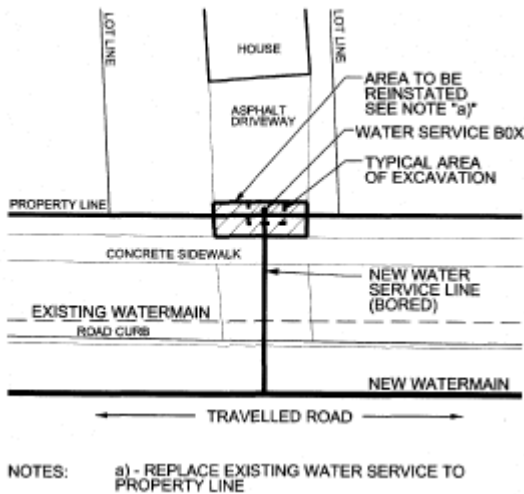

**Replacing and Taking Care of Your Sod**

- The contractor will take care of any sod we replace for 30 days.
- You can help the sod to stay healthy by watering it for one hour in the early morning, two or three times a week. This is especially important in hot or dry weather.
- We will replace your sod as soon as we can, but there may be a short delay.

- It is very common for the work area to settle a bit following construction. If you notice any settlement, please let the project manager or inspector know and we will ensure the contractor fixes it.

### Repairing Your Driveway

- If we have cut your driveway, we will repair the asphalt in the disturbed area from edge to edge across the driveway. Unfortunately the Region **cannot** completely replace your driveway.
- We will repair your driveway as soon as we can, but there may be a short delay.

- **If you would like to have the rest of your driveway paved at this time, please contact the contractor's project manager named on the front of this letter. Please do not accept direct solicitation from any contractor telling you that they have been retained by the Region. Please remember this is your option. If you choose to do nothing, we will repair all areas damaged by our construction; however, we are unable to completely replace your driveway.**

### Repairing the Driveway Aprons, Curbs, and Sidewalks

- All sections of curbs, driveway aprons, and sidewalks impacted by the watermain construction will be permanently restored this year.
- The impacted roadway in your neighborhood will be restored with new asphalt over the watermain trench.

### Project Updates

- The Region of Peel will always let you know if there are any major changes to the plans.
- We will try to disturb you as little as possible.
- Please call the project manager or inspector if you have any problems or special needs.

Thank you!

Rene Gomez  
Project Manager
