Project 16-1340 A

PROJECT UPDATE

WATERMAIN REPLACEMENT AND IMPROVEMENT ON BRUCE BEER DRIVE CITY OF BRAMPTON

What are we doing?

- Clean-up, boulevard restoration, concrete restoration, road and asphalt restoration on Bruce Beer Drive following watermain replacement.

Why?

- To finish restoration following upgrades of the water distribution system.

When?

- We expect to start work on or about Tuesday October 24, 2017.

Who can you call?

Region of Peel		
Contact Person	Responsibilities	Telephone Number
Melvin Gonzalez Solomon Gyabaah	Project Manager Inspector	905-791-7800, ext. 5042 905-791-7800, ext. 3246
London Excavators and Trucking. Ltd.		
London Excavators and Trucking Ltd. will do the work, under contract to the Region of Peel

Massimo Sansone Frank Carelli	Project Manager Supervisor	416-247-6601 647-926-9201
Springside Paving Ltd.		
Subcontractor to London Excavators and Trucking Ltd.		
Contact Person	Responsibilities	Telephone Number
Peter Gallo	Supervisor	Office: 416-410-1551 Cell: 416-677-7634

Traffic and Parking Control

- We may need to reduce traffic to a single lane during construction.
- If we have to reroute traffic, we will place signs giving directions.

Driveway Access

- Due to construction activities, we may need to block your driveway for a short time. We will contact you before we do this to arrange for the best time and for alternate access, if needed.
- We will make sure businesses have access at all times.
- Please call the Project Manager if you have special needs related to access or business hours.

Replacing and Taking Care of Your Sod

- We will place topsoil and sod in disturbed areas from the watermain upgrades. Areas which have settled over the winter months will be filled in with new topsoil next spring.
- The contractor will take care of any sod we replace for 30 days
- You can help the sod to stay healthy by watering it for one hour in the early morning, two or three times a week. This is especially important in hot or dry weather.

Repairing Your Driveway

- If we have marked or cut your driveway, we will repair the asphalt in the disturbed area as marked on your driveway. Unfortunately, the Region **cannot** completely replace your driveway. **Please review the marks on your driveway.**
- We will repair your driveway as soon as we can, but there may be a short delay.
- **If your driveway was impacted by watermain construction, it will be restored to property line as part of the City of Brampton's road resurfacing program, anticipated in 2019, subject to budget and Council approval.**
- **If you are planning to have your driveway paved, you are encouraged to wait until the City of Brampton's road resurfacing program commences in order to avoid any cuts or patches that may be required on your driveway during the work.**

Repairing the Road, Curb, and Sidewalks

- All sections of curbs and sidewalks impacted by watermain construction shall be replaced on Bruce Beer Drive.
- The impacted roadway on Bruce Beer Drive will be restored with new asphalt over the watermain trench width only.
- As part of the overall improvement on Bruce Beer Drive, the City of Brampton shall resurface your street as part of their road resurfacing program, which will include replacement of deficient curb and sidewalk. Road resurfacing is anticipated in 2019, subject to budget and Council approval; this will allow the Region of Peel's warranty to expire on the watermain works.

Project Updates

- The Region of Peel will always let you know if there are any major changes to the plans.
- We will try to disturb you as little as possible.
- Please call the project manager or inspector if you have any problems or special needs.

Thank you!

Melvin Gonzalez
Project Manager
