AND CN RETAINING WALL REHABILITATION ON KENNEDY ROAD  
CITY OF BRAMPTON  
PROJECTS 18-1340 D, 16-1340 E AND 16-4520**

### What are we doing?

- Replacing and improving the aging watermain on Orenda Road (Kennedy Rd to Heart Lake Rd) and Heart Lake Rd (Orenda Rd to south of Clark Blvd) as shown on the attached map.
- The rehabilitation of the existing upper and lower concrete retaining walls located at the Canadian National Railway (CNR) Bridge. The work includes, but is not limited to:
  - Patch repair works along the upper and lower concrete walls;
  - Application of corrosion inhibitor;
  - Repairs to existing pedestrian railing;
  - Removal and replacement of asphalt splashpad;
  - Minor related works.

### Where?

- Watermain: Orenda Road (Kennedy Rd to Heart Lake Rd) and Heart Lake Rd (Orenda Rd to south of Clark Blvd) as shown on the attached map.
- Retaining Walls: CNR ridge on Kennedy Road South, south of Orenda Road and north of Clarence Road

### When?

- Start: November 9, 2020
- Finish: July 31, 2021, weather permitting.

### Working Hours

- On Kennedy Road, Heart Lake Road and Orenda Road, the Contractor's normal day working hours are from 7:00am to 7:00pm, from Monday to Friday.
- These hours are consistent with the local municipality's bylaws. We understand this may cause some inconvenience, but a shorter working day would mean the project would take longer to complete.

**Traffic Control**

- Temporary lane closures will be required for the duration of the Contract.
- On Kennedy Road, between Orenda Road and Clarence Road, outside lanes will be temporarily closed in either direction.
- Orenda Road will be temporarily reduced to one lane in each direction for the Contract duration.
- Heart Lake Road South will be reduced to a single lane with flagging during working hours. During non-working hours one lane in each direction will be maintained.
- All intersections will remain open but temporary lanes closures will be necessary.
- Emergency services will be notified of the road closure.
- Barriers and signs will be placed for safety and direction, as required under the Occupational Health and Safety Act.

**Driveway Access**

- We anticipate that driveway accesses will be maintained.
- If we need to block your driveway for a short time you will be contacted to arrange for the best time and for alternate access. If your driveway is blocked, you may choose to park on a side street for a short time.
- Please call the Project Manager if you have special needs related to access.

**Project Updates**

- The Region of Peel will keep you informed of any substantial changes in the project scope or schedule.
- We are committed to ensuring minimum disruption to your homes and businesses.
- Please call the Project Manager or Inspector if you have any special needs.

Thank you,

Jimmy Cheema  
Project Manager
