Project 18-1340G

## WATERMAIN REPLACEMENTS IN BRAMALEA SOUTH CITY OF BRAMPTON

### What are we doing?

- Restoring sod and any outstanding deficiencies remaining on Gailgrove Court and Donalda Place

### When?

- The project should be completed by May 31, 2019.

### Repairing Your Driveway

- **The City of Brampton has scheduled Gailgrove Court and Donalda Place for Roadway Rehabilitation in 2020 pending Council approval.** At this time the entire roadway will be resurfaced along with new curbs. During Roadway Rehabilitation works, a portion of most driveways will be disturbed again along the curb.
- A temporary asphalt patch was installed by our watermain contractor during construction. This will remain in place until 2020 and will be topped up this May if required. Following the City of Brampton's work your driveway will be replaced in the disturbed area from property to the curb.
- If we damaged a portion of your **interlock or concrete driveway**, our contractor will fully reinstate to ensure driveway material is secured until the City of Brampton commences their works.
- If you had agreed to have your private side portion of the driveway paved with Vic's group, this option is no longer available since your driveway will be cut into again when the new curbs are poured with the City of Brampton's Roadway Rehabilitation in 2020.

### Who can you call?

Region of Peel		
Contact Person	Responsibilities	Telephone Number
Adam Morrin	Project Manager	905-791-7800, ext. 7825
Brandon Vandermeer	Inspector	905-791-7800, ext. 3246
Vic's Group		
Vic's Group will do the work, under contract to the Region of Peel		
Contact Person	Responsibilities	Telephone Number
Sam Sritharan	Site Superintendent	1-647-204-5724 (Cell) 1-416-335-9977 (Office)

### Traffic and Parking Control

- We may need to reduce traffic to a single lane during construction.
- If we have to reroute traffic, we will place signs giving directions.

**Driveway Access**

- Due to construction activities, we may need to block your driveway for a short time. We will contact you before we do this to arrange for the best time and for alternate access, if needed.
- We will make sure businesses have access at all times.
- Please call the Project Manager if you have special needs related to access or business hours.

**Replacing and Taking Care of Your Sod**

- The contractor will take care of any sod we replace for 30 days.
- You can help the sod to stay healthy by watering it for one hour in the early morning, two or three times a week. This is especially important in hot or dry weather.
- We will replace your sod as soon as we can, but there may be a short delay.
- It is very common for the work area to settle a bit following construction. If you notice any settlement, please let the project manager or inspector know and we will ensure the contractor fixes it.

**Project Updates**

- The Region of Peel will always let you know if there are any major changes to the plans.
- We will try to disturb you as little as possible.
- Please call the project manager or inspector if you have any problems or special needs.

Thank you!

Adam Morrin  
Project Manager
