Project 18-1340 H

## PROJECT UPDATE

### WATERMAIN REPLACEMENT AND IMPROVEMENT HAROLD STREET, WATSON CRESCENT AND PARKEND AVENUE CITY OF BRAMPTON

#### What are we doing?

- The asphalt recently placed at Castlemore Drive and Watson Crescent requires deficiency repair; therefore, we will be repaving the watermain trench at this location in Brampton

#### When?

- Paving will be done on September 27, 2019. It is anticipated that the work will take a single day to complete; however, as work depends on the weather, this may change.

#### What does this mean for you?

- Please make sure that the road is cleared of vehicles (and any type of materials) by 7 a.m.
- You may not have access to your driveway for a short time.
- **Please do not park on the road during the above dates.**

We appreciate your co-operation during the completion of work and apologize in advance for any inconvenience.

If you have any questions, please call me at 905-791-7800 x 8266.

Thank you!

**Sarah Lobo,**  
Project Manager, Water  
Linear Engineering & Reliability
