Project 19-1340 F

PROJECT UPDATE
McLaughlin Road Watermain Replacement
CITY OF BRAMPTON

What are we doing?

- Reinstating driveways, sod, and curb following the replacement of the watermain and services along McLaughlin Road.
- To complete restoration following upgrade of the water distribution system.

When?

- We expect to start work on or about May 19, 2020
- The project should be completed before June 30, 2020

Tectonic Infrastructure Inc.		
Tectonic Infrastructure Inc. will do the work, under contract to the Region of Peel		
Contact Person	Responsibilities	Telephone Number
Domenic Villani	Project Manager	416-637-6073

Traffic and Parking Control

- We may need to reduce traffic to a single lane during construction.
- If we have to reroute traffic, we will place signs giving directions.

Driveway Access

- Due to construction activities, we may need to block your driveway for a short time. We will contact you before we do this to arrange for the best time and for alternate access, if needed.
- We will make sure businesses have access at all times.
- Please call the Project Manager if you have special needs related to access or business hours.

Replacing and Taking Care of Your Sod

- The contractor will take care of any sod we replace for 30 days.
- You can help the sod to stay healthy by watering it for one hour in the early morning, two or three times a week. This is especially important in hot or dry weather.
- We will replace your sod as soon as we can, but there may be a short delay.
- It is very common for the work area to settle a bit following construction. If you notice any settlement, please let the project manager or inspector know and we will ensure the contractor fixes it.

Project Updates

- The Region of Peel will always let you know if there are any major changes to the plans.
- We will try to disturb you as little as possible.
- Please call the project manager or inspector if you have any problems or special needs.

Thank you!

Sarah Lobo

Project Manager
