Contact Person	Responsibilities	Telephone Number
Eliseo Lancione	Project Manager	905-660-0778
Tony Vuocolo	Site Superintendent	905-660-0778

Working Hours

- Our contractor's normal working hours are from 7 a.m. to 7 p.m. These hours are consistent with the local municipality's bylaws. We understand this may cause some inconvenience, but a shorter working day would mean the project would take longer to complete.

Interrupting Your Water Supply

- It is our goal to let you know 48 hours (2 days) in advance if we plan to shut off your water for an **extended period** (several hours). Occasionally, we may have to reduce this notice to 24 hours.
- On the day we connect your water service to the new watermain, the contractor will let you know that your water will be shut off for a **brief period**. This will ensure proper notification for short duration works.
- If we must shut off your water because of an emergency, we will do everything we can to fix the problem as quickly as possible.

Project Updates

- The Region of Peel will always let you know if there are any major changes to the plans.
- We will try to disturb you as little as possible.
- Please call the project manager or inspector if you have any concerns or special needs.

How Did We Do?

- After we've finished, we will give you a postage-paid card for you to rate our work.
- Please complete the card and mail it back to us.

Thank you!

Jimmy Cheema
Project Manager

Cc: Councillor M. Medeiros

Construction statement regarding COVID-19

Construction is an essential service. We're keeping employees, contractors and the community safe by complying with provincial regulations, physical distancing, using PPE and adjusting work schedules & shifts.

Construction project updates can be found at peelregion.ca/construction.

Follow [Peel Public Works on Twitter](#) for service updates and changes.
