Project 15-1345 K

## **PROJECT UPDATE**

### **WATERMAIN REPLACEMENT AND IMPROVEMENT ON WINDJAMMER ROAD AND WOODHURST CRESCENT CITY OF MISSISSAUGA**

#### **What are we doing?**

- Reinstating driveways, sod and curb following the replacement of the watermain and services along Windjammer Road and Woodhurst Crescent.

#### **Why?**

- To complete restoration following upgrade of the water distribution system.

#### **When?**

- We expect to start work on or about June 27, 2016.
- The project should be completed by approximately July 15, 2016.

#### **Who can you call?**

<b>Region of Peel</b>		
<b>Contact Person</b>	<b>Responsibilities</b>	<b>Telephone Number</b>
Scott Durdle	Project Manager	905-791-7800, ext. 5052
Fidel Sannella	Inspector	905-791-7800, ext. 3246
<b>JPW Construction Limited</b>		
<b>Contact Person</b>	<b>Responsibilities</b>	<b>Telephone Number</b>
Jim Wong	Project Manager	416-891-5168
<b>Eagle Paving</b>		
Driveway Paving Subcontractor to JPW Construction Limited		
<b>Contact Person</b>	<b>Responsibilities</b>	<b>Telephone Number</b>
Mario Gil	Asphalt Sales	905-616-1151

#### **Traffic and Parking Control**

- We may need to reduce traffic to a single lane during construction.
- If we have to reroute traffic, we will place signs giving directions.

#### **Driveway Access**

- Due to construction activities, we may need to block your driveway for a short time. We will contact you before we do this to arrange for the best time and for alternate access, if needed.
- We will make sure businesses have access at all times.
- Please call the Project Manager if you have special needs related to access or business hours.

### **Waste Collection**

- Your garbage, recycling and organics containers will continue to be picked up on your regularly scheduled day. It is the contractor's responsibility to move your garbage, recycling and organics bins to a location where our collection vehicles can pick them up. Empty containers will be returned to their corresponding addresses. Please make sure your house number is clearly marked on each bin.

### **Replacing and Taking Care of Your Sod**

- The contractor will take care of any sod we replace for 30 days.
- You can help the sod to stay healthy by watering it for one hour in the early morning, two or three times a week. This is especially important in hot or dry weather.
- We will replace your sod as soon as we can, but there may be a short delay.
- It is very common for the work area to settle a bit following construction. If you notice any settlement, please let the project manager or inspector know and we will ensure the contractor fixes it.

### **Repairing Your Driveway**

- If we have cut your driveway, we will repair the asphalt in the disturbed area from edge to edge across the driveway. Unfortunately the Region **cannot** completely replace your driveway.
- We will repair your driveway as soon as we can, but there may be a short delay.
- **If you would like to have the rest of your driveway paved at this time, please contact either the contractor or the paving subcontractor named on the front of this letter. These are the only two contacts for you. Please do not accept direct solicitation from any contractor telling you that they have been retained by the Region. Please remember this is your option. If you choose to do nothing, we will repair all areas damaged by our construction; however, we are unable to completely replace your driveway.**

### **Repairing the Road, Curbs, and Sidewalks**

- We will start restoring the road and boulevard once all replacements and service transfers are complete and as weather permits.

### **Project Updates**

- The Region of Peel will always let you know if there are any major changes to the plans.
- We will try to disturb you as little as possible.
- Please call the project manager or inspector if you have any problems or special needs.

Thank you!

Scott Durdle  
Project Manager
