Project 16-1310 C

**PROJECT UPDATE
WATERMAIN REPLACEMENT AND IMPROVEMENT
SPEAKMAN DRIVE
CITY OF MISSISSAUGA**

What are we doing?

- Paving the road as well as reinstating driveways, sod, and curb following the replacement of the watermain and services along Speakman Drive.

Why?

- To complete restoration following upgrade of the water distribution system.

When?

- We expect to start work on or about May 29, 2017.
- The project should be completed before June 30, 2017.

Traffic and Parking Control

- We may need to reduce traffic to a single lane during construction.
- If we have to reroute traffic, we will place signs giving directions.

Driveway Access

- Due to construction activities, we may need to partly block your driveway for a short time. We will make sure businesses have access at all times.
- Please call the Project Manager or inspector if you have special needs related to access or business hours.

Replacing and Taking Care of Your Sod

- The contractor will take care of any sod we replace for 30 days.
- You can help the sod to stay healthy by watering it for one hour in the early morning, two or three times a week. This is especially important in hot or dry weather.

- We will replace your sod as soon as we can, but there may be a short delay.
- It is common for the work area to settle a bit following construction. If you notice any settlement, please let the project manager or inspector know and we will ensure the contractor fixes it.

Repairing Your Driveway

- If we have cut your driveway, we will repair the asphalt in the disturbed area.
- We will repair your driveway as soon as we can, but there may be a short delay.

Project Updates

- The Region of Peel will always let you know if there are any major changes to the plans.
- We will try to disturb you as little as possible.
- Please call the project manager or inspector if you have any problems or special needs.

Thank you!
