## REHABILITATION OF ERIN MILLS PARKWAY FROM FOWLER DRIVE TO SOUTH OF HWY 403, CITY OF MISSISSAUGA, PROJECT 18-4635

### PROJECT UPDATE: Road resurfacing, started May 3, 2020

Dear Resident,

Road resurfacing on Erin Mills Parkway started on Sunday night, May 03, 2020, and will continue until mid-July 2020 (weather permitting). This work is a 24-hour operation with milling operations being carried out during nighttime hours, and immediately followed by paving operations during the daytime hours. We understand that this may cause inconvenience for a short period of time, but will speed up the completion of the project.

**Night Work** - milling operations are being carried out during nighttime hours. Please note that this is a moving operation and as such, residents right adjacent to Erin Mills Parkway will temporarily experience increased noise levels due to truck beeping sounds and honking horns, while the work is being done.

**Daytime Work** – paving operations will be carried out during daytime hours immediately after the milling operations.

**Traffic Impacts** - milling and paving operations will be phased so as to minimize disruption to traffic. However, due to the nature of the works, lane closures will be required and left turning movements and intersections may be temporarily blocked while work progresses.

We apologize for any inconvenience this may cause.

Should you have any questions, please contact:

Jerry Tan  
Region of Peel, Project Manager  
Phone: 905-791-7800 ext. 7916

Cc: Councillor Karen Ras, City of Mississauga - Ward 2  
Councillor Matt Mahoney, City of Mississauga - Ward 8
