

MAYFIELD | 50

MEET @ MAYFIELD 50

AND YOUR WEEKEND TRAVEL

WHY USE THE MAYFIELD 50 LOT AS PART OF YOUR COMMUTE?

It's free and convenient

There are carpoolers in your neighbourhood

It connects to GO Transit

It's open 24/7

WHAT ARE THE BENEFITS OF CARPOOLING?

Cut your costs – reduce your costs for gas and vehicle maintenance since you're sharing with your carpool partners

Avoid parking fees – free parking is available at municipal and provincial carpool lots

Commute faster – carpoolers can use carpool lanes and dedicated carpool parking spots that can reduce time traveled and time parking

Reduce your stress – by sharing commuting responsibilities, you get less time behind the wheel to do your own things (read a book, check your emails, or just relax!)

Get social – get to know people you live near or work with

Cut your carbon – reduce the amount of greenhouse gas emissions and your impacts on climate change by burning less fuel

COMPARE TRAVEL COSTS
