Project 22-1310 E

REVISED NOTICE OF TEMPORARY ROAD CLOSURE Sanitary Sewer Replacement and Improvement Hyacinthe Boulevard

Peel Region has been working in your neighbourhood to replace the aging sanitary sewer along Hyacinthe Boulevard. This work is required to maintain and improve existing wastewater services.

At this stage in the project, the construction work on Hyacinthe Boulevard is delayed and the temporary road closure will need to be extended until June 13th, 2024 to complete this work.

Traffic impacts

- **Hyacinthe Boulevard** will be closed to all through traffic from Cawthra Road to Breckenridge Road. This temporary road closure has been extended to June 13th, 2024. A detour route will be clearly marked with road signs. Residents who live on the street will have access to their homes. Access to businesses will be maintained. No through traffic will be allowed and there will be no on-street parking.
- It will be necessary to dig a temporary trench in the eastbound lane of Hyacinthe Boulevard at Cawthra Road, the work area requiring temporary road closure and a detour route along Breckenridge Road is shown on the attached map.

For this reason, it will not be possible to turn left or right from Cawthra Road onto Hyacinthe Boulevard.

During this time, traffic will be directed by police officers or flag persons. Emergency service vehicles and school buses will be permitted to cross through the closure with guidance from the onsite contractor.

We apologize for any delays or inconvenience resulting from these traffic impacts.

Keeping you informed

Weather and other unpredictable events may change the date of these traffic impacts. Receive timely project updates right to your inbox by signing up for e-notices. Visit peelregion.ca/construction/signup or scan the QR code below (using your cell phone camera) to start signing up.

Follow Peel Public Works on Twitter (twitter.com/peelpublicworks) for project updates.

Safety during construction

Construction zones require extra caution to keep everyone safe – pedestrians, cyclists, drivers, and construction workers. When driving, walking, or biking through the construction area, please be aware of your surroundings, watch for construction crews and other road users, slow down, account for delays, and consider other routes if possible. To learn more about how to stay safe in construction zones, visit peelregion.ca/workzonesafety

Thank you for your patience as we complete this necessary work. This work will allow us to continue providing you with high quality wastewater services. If you have any questions, please contact us.
