

## Environmental Assessment Study

### Notice of Study Completion

## Etobicoke Creek Trunk Sewer Improvements and Upgrades Environmental Assessment Study

In 2019, the Region of Peel initiated a Municipal Class Environmental Assessment (EA) Study to identify, develop and implement a solution to address future capacity needs to 2041, and existing sanitary sewer issues in the Etobicoke Creek Trunk Sewer, from Kennedy Rd. to south of Highway 407 in the City of Brampton. The Schedule 'C' Class EA identified existing and future constraints for the Etobicoke Creek Trunk Sewer and developed and evaluated alternative solutions and design concepts. The preferred solution and design concept consists of the following:

- The preferred alignment is the Deep Trunk alignment generally following the Etobicoke Creek, stretching from the existing Etobicoke Creek Trunk Sewer at Kennedy Rd. to Derry Rd.
- The method of construction is via tunnelling which involves digging shafts and using special equipment to tunnel underground between shafts. It is less intrusive, minimizing traffic disruptions and impacts to residents and businesses.

An Environmental Study Report (ESR) has been prepared and placed on public record for review in accessible format from May 30, 2023 through July 3rd, 2023. The ESR can be accessed on the Region's [website](https://www.peelregion.ca/pw/water/enviro-assess/etobicoke-creek-sewer-improvement.asp). Written comments, on the ESR, can be sent directly in writing or by email to the Project Manager by July 3, 2023. All instructions on how to submit questions and feedback will be posted on the project website which you may access using the link below or by scanning the QR code with your smartphone here: <https://www.peelregion.ca/pw/water/enviro-assess/etobicoke-creek-sewer-improvement.asp>

#### Italia Ponce, P.Eng.

Project Manager, Region of Peel  
10 Peel Centre Dr. Suite A – 4th Floor  
Brampton ON L6T 4B9  
Office: 905-791-7800 ext. 4583

In addition, a request may be made to the Ministry of the Environment, Conservation and Parks for an order requiring a higher level of study only on the grounds that the requested order may prevent, mitigate or remedy adverse impacts on constitutionally protected Aboriginal and treaty rights. Requests should include the requester contact information and full name.

The request should be sent in writing or by email to:

Minister of the Environment,  
Conservation and Parks  
Ministry of Environment,  
Conservation and Parks  
777 Bay Street, 5th Floor  
Toronto ON M7A 2J3  
[minister.mecp@ontario.ca](mailto:minister.mecp@ontario.ca)

and

Director, Environmental Assessment  
Branch  
Ministry of Environment, Conservation  
and Parks  
135 St. Clair Ave. W, 1st Floor  
Toronto ON, M4V 1P5  
[EABDDirector@ontario.ca](mailto:EABDDirector@ontario.ca)

Requests should also be copied to the Region of Peel by mail or by e-mail. Please visit the ministry's website for more information on requests for orders under section 16 of the Environmental Assessment Act at: [www.ontario.ca/page/class-environmental-assessments-part-ii-order](https://www.ontario.ca/page/class-environmental-assessments-part-ii-order)

All personal information included in your request – such as name, address, telephone number and property location – is collected, under the authority of section 30 of the Environmental Assessment Act and is collected and maintained for the purpose of creating a record that is available to the general public. As this information is collected for the purpose of a public record, the protection of personal information provided in the Freedom of Information and Protection of Privacy Act (FIPPA) does not apply (s.37). Personal information you submit will become part of a public record that is available to the general public unless you request that your personal information remain confidential.

The Region of Peel is committed to ensure that all Regional services, programs and facilities are inclusive and accessible for persons with disabilities. Please contact the Project Manager if you need any disability accommodations to provide comments or feedback for this study.
