Hello,

The Region of Peel, in collaboration with their Consultant (Arcadis), is undertaking a Schedule B Environmental Assessment under the Municipal Class Environmental Assessment (EA) process.

The Region of Peel has identified the need for a trunk sewer along Burnhamthorpe Road from Cawthra Road to the existing East Trunk Sanitary sewer, adjacent to Little Etobicoke Creek (LEC) within Applewood Hills Park; and to improve local sanitary sewer servicing along Wilcox Road and Tomken Road.

For further details and the study area, kindly refer to the [Notice of Study Commencement and Online Public Engagement](#) available on the Region of Peel's Website.

As part of the Study, Online Public Engagement has been arranged to allow interested members of the public an opportunity to review and comment on the evaluated alternatives including the evaluation process and the resulting preferred alternative, and next steps in the Study process. Display boards are available to the public on peelregion.ca. The Notice indicates that comments are due by **June 17, 2024**.

Should you require additional information or have any inquiries related to the study, please feel free to contact us.

Thank you for your time,

Hedieh Hashtroudi P.ENG., M.A.SC., M.ENG.

Environmental Assessment Study

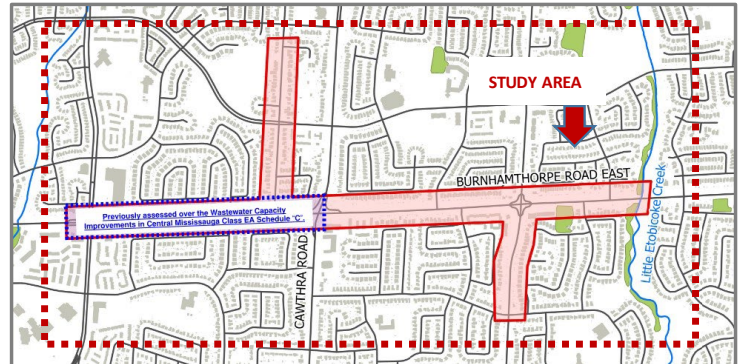

NOTICE OF STUDY COMMENCEMENT AND ONLINE PUBLIC ENGAGEMENT- SCHEDULE B CAWTHRA PHASE 3 SANITARY TRUNK SEWER

The Study

The Region of Peel has identified the need for a trunk sewer along Burnhamthorpe Road from Cawthra Road to the existing East Trunk Sanitary sewer, adjacent to Little Etobicoke Creek (LEC) within Applewood Hills Park; and to improve local sanitary servicing along Wilcox Road and Tomken Road.

These upgrades are necessary to enhance wastewater servicing capacity and operational flexibility as part of Central Mississauga Capacity Improvements identified in the 2020 Water and Wastewater Master Plan to facilitate future growth and development. In addition, this Study is intended to address the Region's State of Good Repair Basement Flooding Mitigation Program within the Wilcox Road and Runningbrook Dr sewersheds by diverting wastewater flows away from areas prone to sewer surcharging.

As a result, a Schedule 'B' Class Environmental Assessment (EA) has been initiated to identify a solution for this infrastructure need. The map shows the area directly impacted by the proposed construction.

The Study Process will include:

- Public and stakeholder consultations;
- An evaluation of alternative solutions;
- An assessment of proposed alternatives; and,
- Identification of methods to lessen the adverse impacts to the community.

Online Public Engagement

As part of the Study, online public engagement has been arranged to allow interested members of the public an opportunity to review and comment on the alternatives, including the preferred alternative, the evaluation process, and next steps in the Study process. Display boards will be made available to the public on [Cawthra Road phase 3 sanitary trunk sewer - Region of Peel \(peelregion.ca\)](#) starting **May 06, 2024**.

Please submit any comments or concerns by **June 17, 2024**. Any input received by that date will be incorporated into the Project File Report, which will be available for public review when the study is completed.

Contact

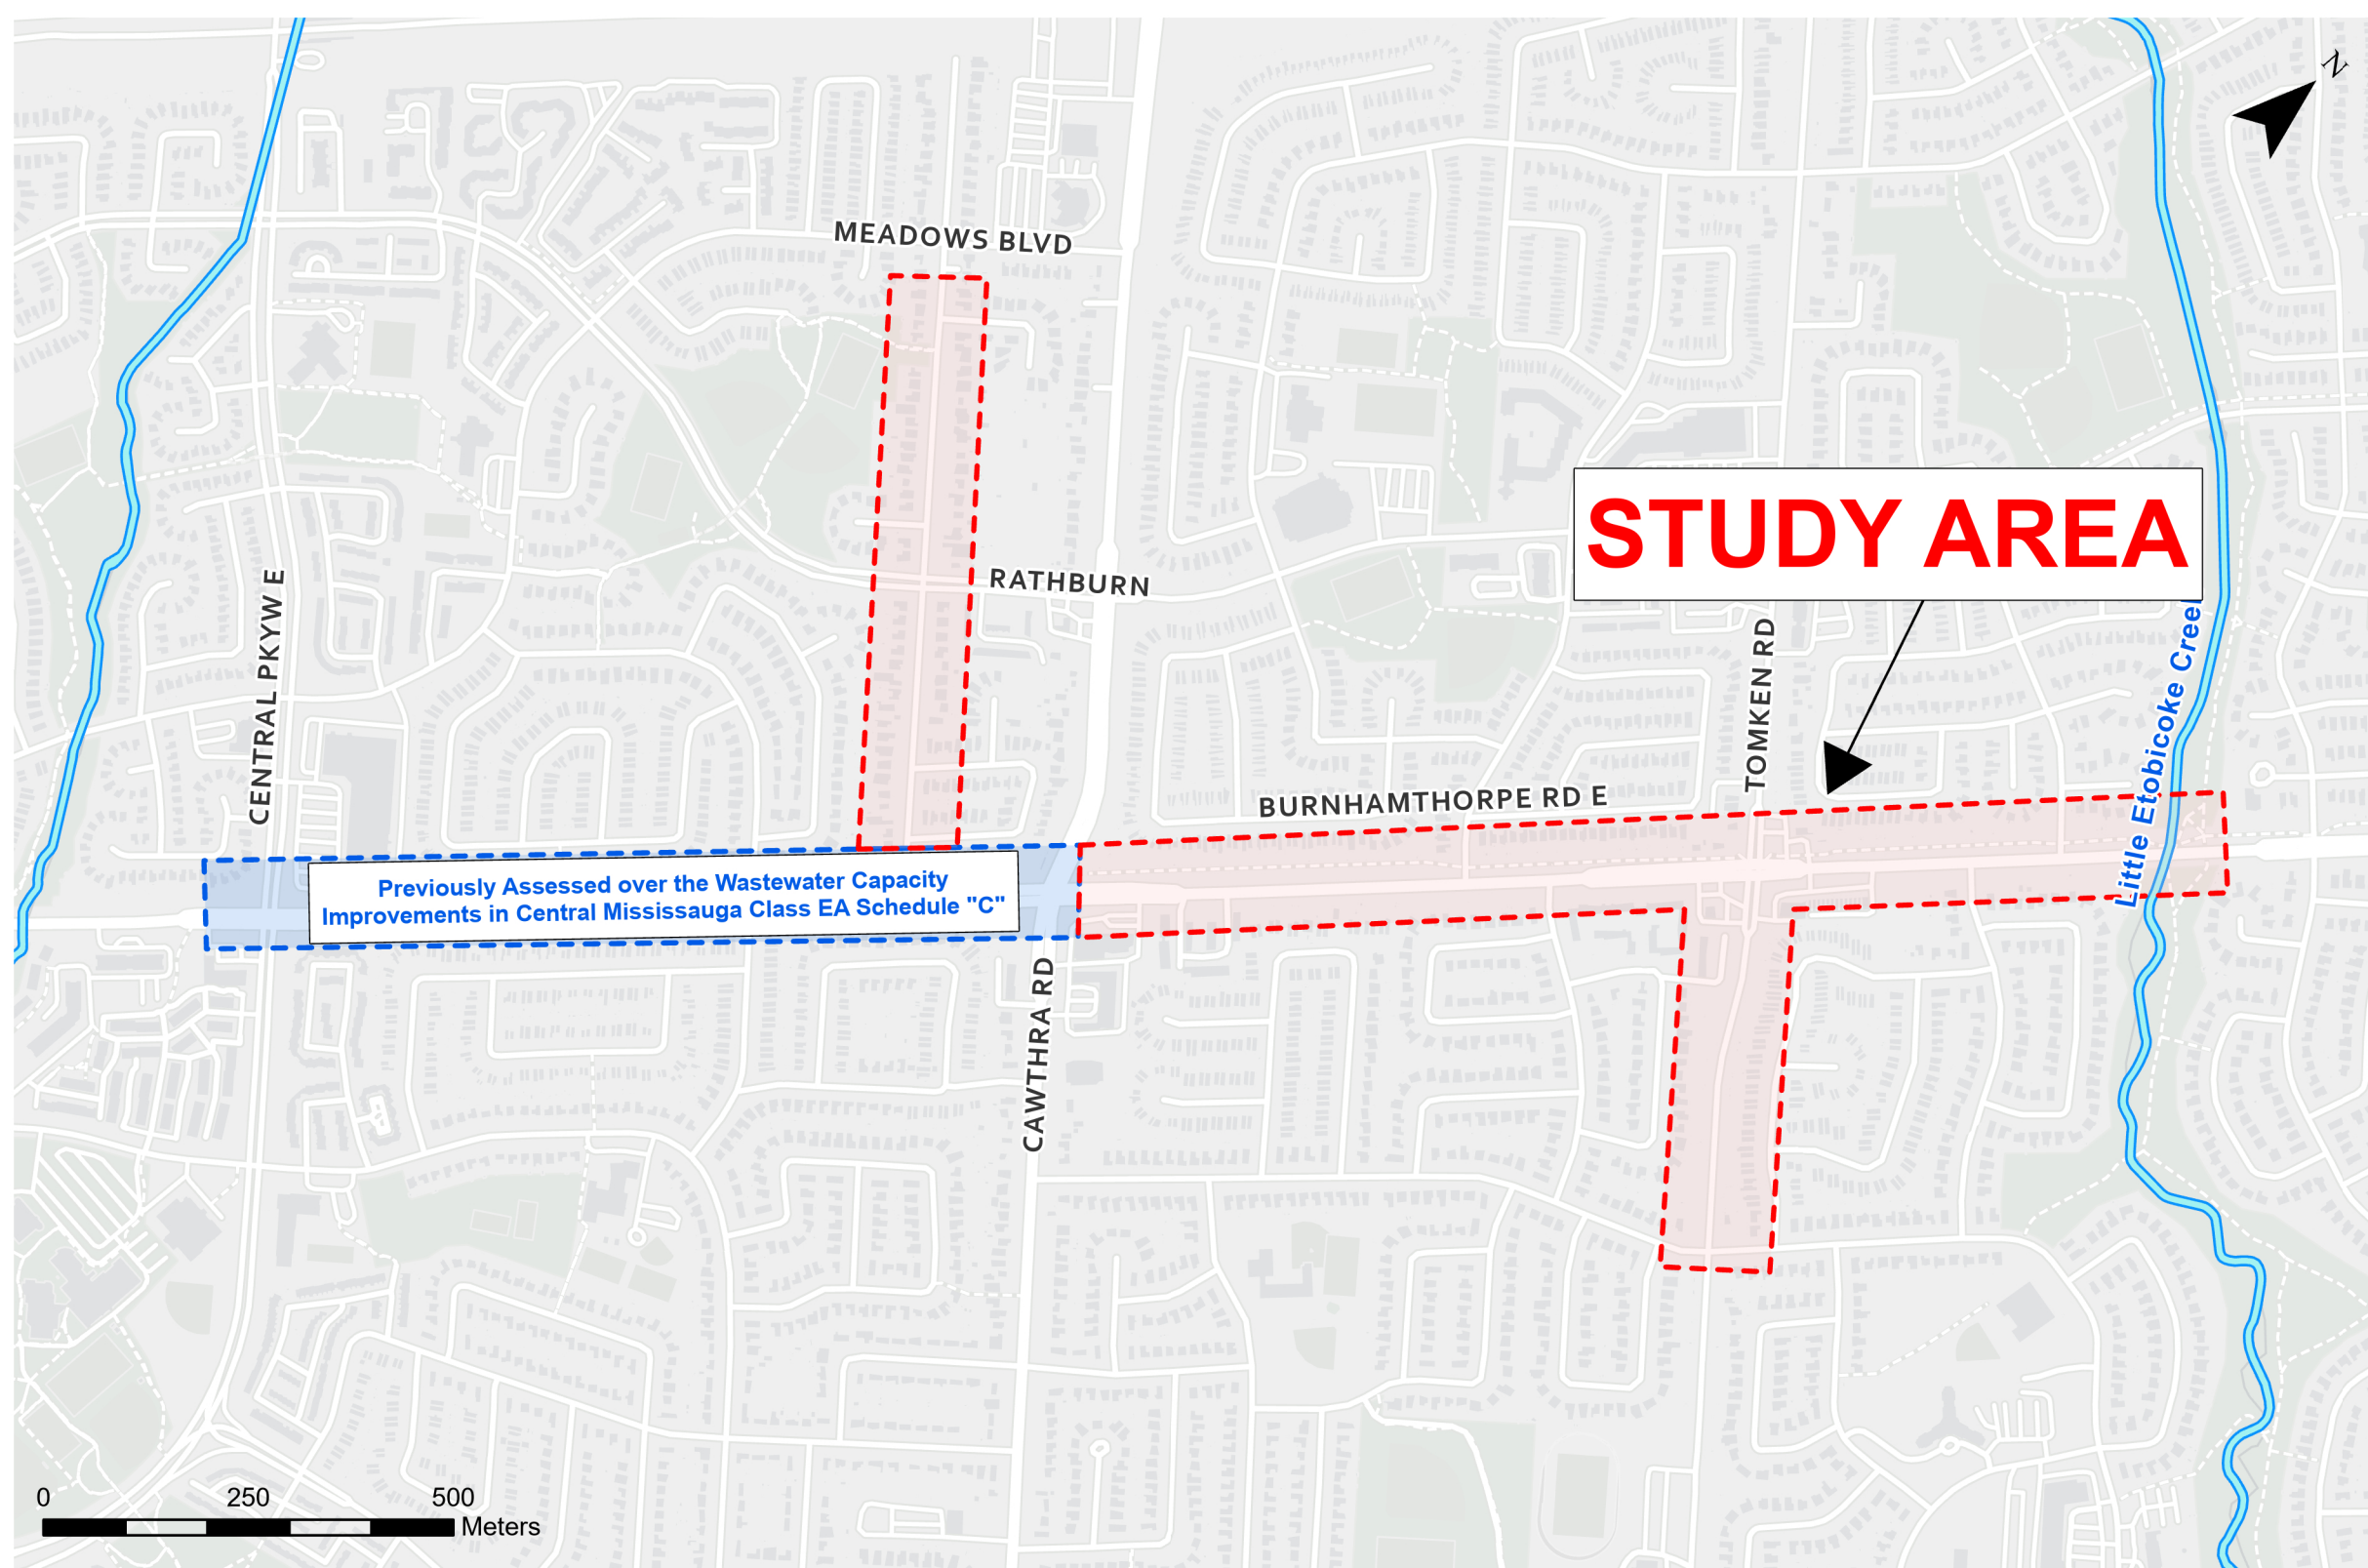

For further information and to provide your comments, please contact:

Paul Rastrullo

Project Manager, Engineering
Wastewater Collection & Conveyance
Public Works, Region of Peel
Mobile: 905-452-2760
paul.rastrullo@peelregion.ca

This notice was first issued on May 06, 2024.

With the exception of personal information, all comments will become part of the public record of the study. The study is being conducted according to the requirements of the Municipal Class Environmental Assessment, which is a planning process approved under Ontario's *Environmental Assessment Act*.

I appreciate that an email may land with you when you are not working - please only reply during hours that suit you.

What to do:

Step 1. Look for the type of EA project in column B that applies to you.

Step 2. Complete columns C to J for that project.

Step 3. Send this form in Excel format to the MECRP regional office email address where the project is located.

MECRP regional office email addresses are listed at www.ontario.ca/government/environmental-assessments

Class EA/Streamlined EA	Proponent Name	Proponent Contact	Project Name	Project Schedule	Project Type	Project Location	MOECC Region	Project Initiation Date
1 CO - Remedial flood and erosion control projects								
2 CO Transit - Class EA								
3 Hydro Ops - Minor transmission facilities								
4 MEA - Class EA for municipal infrastructure projects	Regional Municipality of Peel	Paul Rastrubik paul.rastrubik@ Peelregion.ca	Cawthra Road phase 3 sanitary trunk sewer	Schedule B	Municipal water and wastewater projects	Mississauga, City of	Central	Class EA: May 2024
5 Ministry of Infrastructure - Public work								
6 MNDM - Activities of the Ministry of Northern Development and Mines under the Mining Act								
7 MNSE - Provincial parks and conservation reserves								
8 MNSE - Resource stewardship and facility development projects								
9 MTO - Provincial transportation facilities								
10 RMO - RMO - WWM - Waste management projects								
11 O. Reg. 156/01 - Electrical projects								
12 OWA - Waterpower projects								

Enter the proponent's name.

Enter the name and email address of the person who the MECRP should contact about your project. This should be the same contact person who is listed on the notice.

Enter the project name as it appears on the notice.

Select the project schedule from the drop-down menu.

Select the project type from the drop-down menu.

Select the name of the municipality or unorganized/municipal area where your project is located from the drop-down menu.

Select the MECRP region from the drop-down menu. Read the "MECRP regions" worksheet to find the MECRP region where your project is located.

Enter the date that the streamlined EA process was initiated (e.g. notice of commencement). This date may be when the project notice was first published.
