## NOTICE OF STUDY COMMENCEMENT - Schedule B Class Environmental Assessment Lakelands Wastewater Pumping Station New Offline Storage Facility

### Background:

Peel Region has initiated a Schedule B Municipal Class Environmental Assessment (MCEA) study for the new offline storage facility required to alleviate capacity constraints at the Lakelands Wastewater Pumping Station (WWPS), in the City of Brampton. The existing WWPS requires upgrades to increase its firm peak flow capacity through various site works and the addition of an off-site 2-hour emergency storage facility. The MCEA Study will develop and evaluate potential off-site locations within the vicinity of the WWPS for the placement of the new offline storage facility considering technical constraints, the existing environment as well as stakeholder input.

### Process:

This notice signals the commencement of the MCEA Study, which will define the problem, identify and evaluate alternatives, and determine a preferred solution in consultation with the City of Brampton, regulatory agencies, the public, Indigenous Communities and stakeholders. The MCEA Study is being conducted in compliance with Schedule B of the *Municipal Class Environmental Assessment* (October 2000, amended 2007, 2011, 2015 and 2023), which is approved under the Ontario *Environmental Assessment Act*.

### Your Input is Important:

Public and agency consultation is a key element of the MCEA Study process and input will be sought throughout this study. Details regarding a future Public Information Centre (PIC) will be advertised as the MCEA Study progresses. Upon completion of the MCEA Study, a Project File Report (PFR) will be prepared and placed on the public record for a minimum 30-day review period. The PFR will detail the planning and consultation process and the preferred alternative. Comments received through the course of the Study will be considered and documented in the PFR. Additional information related to the MCEA Study and consultation process may be obtained through the project webpage at [peelregion.ca](http://peelregion.ca)

### Contact the Team:

Please contact the Project Manager listed below if you have questions, would like to provide comments on the MCEA Study or be included on the mailing list:

Greg Beams

Project Manager

Region of Peel

Tel: 905.791.7800 x7839

Email: [greg.beams@peelregion.ca](mailto:greg.beams@peelregion.ca)

For more information on this study, please visit the Region's website at: [www.peelregion.ca/public-works/environmental-assessments/#current](http://www.peelregion.ca/public-works/environmental-assessments/#current) (Brampton)

The Region of Peel is committed to ensuring that all Regional services, programs, and facilities are inclusive and accessible. Please contact the Project Manager if you need any accommodations to provide comments and/or feedback for this study.

tel: 905-791-7800

[peelregion.ca](http://peelregion.ca)

The Region of Peel is undertaking a Municipal Class Environmental Assessment (MCEA) for the *Lakelands Wastewater Pumping Station New Offline Storage Facility*, in the City of Brampton. The existing Lakelands Wastewater Pumping Station (WWPS) requires upgrades to increase its firm peak flow capacity through various site works and the addition of an off-site 2-hour emergency storage facility. Further information on this Study is provided in the attached Notice of Commencement.

Stakeholder and agency consultation is a key element of the MCEA process and input will be sought from various parties throughout the Study. A Public Information Centre (PIC) will be held in the upcoming months to offer an opportunity to review the Study alternatives and to solicit public input.

As part of the consultation process, we are inviting agencies and interested parties to provide us with any relevant input related to the MCEA and inform us of any concerns or issues which they may have pertaining to the proposed storage facility. If you have any questions or comments at any point throughout the MCEA process, please contact the undersigned.

## NOTICE OF ONLINE PUBLIC INFORMATION CENTRE Schedule B Class Environmental Assessment

### Lakelands Wastewater Pumping Station New Offline Storage Facility

#### Background:

Peel Region has initiated a Schedule B Municipal Class Environmental Assessment (MCEA) study for the new offline storage facility required to alleviate capacity constraints at the Lakelands Wastewater Pumping Station (WWPS), in the City of Brampton. The existing WWPS requires upgrades to increase its firm peak flow capacity through various site works and the addition of an off-site 2-hour emergency storage facility. The MCEA Study has developed and evaluated potential off-site locations within the vicinity of the WWPS for the placement of the new offline storage facility considering technical constraints, the existing environment as well as stakeholder input.

#### Process:

The MCEA Study is being conducted in compliance with Schedule B of the *Municipal Class Environmental Assessment* (October 2000, amended 2007, 2011, 2015 and 2023), which is approved under the *Ontario Environmental Assessment Act*.

#### Online Public Information Centre:

An Online Public Information Centre has been arranged to provide details regarding the MCEA Study, including project background, developed alternatives, evaluation of alternatives, proposed mitigation measures and next steps. Electronic display boards and video will be available to the public on <https://www.peelregion.ca/public-works/environmental-assessments/brampton/lakelands.asp> starting **October 14, 2024**.

Online public engagement provides an opportunity for local residents, businesses and interested members of the public to review and comment on the evaluation of alternatives, including selection of the recommended alternative.

#### How to Get Involved:

Please submit any comments, questions or concerns by **October 28, 2024**. Any input received by that date will be incorporated into the Project File Report, which will be available for public review when the study is completed.

Please contact the Project Manager listed below for further information and to provide your comments:

#### Greg Beams

Project Manager

Region of Peel

Tel: 905.791.7800 x7839

---

As per the Freedom of Information Protection Privacy Act, 1990, all comments, except for personal information and confidential information from Indigenous Peoples, will become part of the public record of the study. The study is being conducted according to the requirements of the Municipal Class Environmental Assessment, which is a planning process approved under Ontario's Environmental Assessment Act.

## NOTICE OF STUDY COMPLETION - Schedule B Class Environmental Assessment Lakelands Wastewater Pumping Station New Offline Storage Facility

### Background:

Peel Region initiated a Schedule B Municipal Class Environmental Assessment (MCEA) study for the new offline storage facility required to alleviate capacity constraints at the Lakelands Wastewater Pumping Station (WWPS), in the City of Brampton. The MCEA Study developed and evaluated potential off-site locations within the vicinity of the WWPS for the placement of the new offline storage facility.

Based on the evaluation of alternatives and input from interested and affected parties during the Public Information Centre, the preferred solution is to construct the offline storage facility in the eastern portion of Lakelands Village Park, west of the Southlake Boulevard and Deep Sea Drive intersection.

### Process:

The MCEA Study is being conducted in compliance with Schedule B of the *Municipal Class Environmental Assessment* (October 2000, amended 2007, 2011, 2015, 2023 and 2024), which is approved under the Ontario *Environmental Assessment Act*.

**Project File Report:** The MCEA Project File Report has been prepared to document the planning process followed, including conclusions and recommendations, and how public input was received and considered. By this notice, the Project File Report is being placed on public record for a 30-calendar day review period starting March 3, 2025, and ending April 2, 2025, in accordance with the requirements of the MCEA process. The Project File Report is available for public review on the Region's project website at <https://peelregion.ca/construction/environmental-assessments/lakelands-wastewater-pumping-station-new-offline-storage-facility>.

Subject to comments received as a result of this notice, the Region intends to proceed with the detailed design and construction of the preferred solution as documented in the Project File Report.

### Your Input is Important:

Written comments or questions may be provided to the Region's Project Manager, Paul Rastrullo, on or before April 2, 2025. In addition, a request may be made to the Ministry of the Environment, Conservation and Parks for an order requiring a higher level of study, or that conditions be imposed (e.g., require further studies), only on the grounds that the requested order may prevent, mitigate, or remedy adverse impacts on constitutionally protected Indigenous and treaty rights. Requests on other grounds will not be considered. Requests should include the requester's contact information and full name.

Requests should specify what kind of order is being requested (request for conditions or a request for an individual / comprehensive environmental assessment), how an order may prevent, mitigate, or remedy potential adverse impacts on Indigenous and treaty rights, and any information in support of the statements in the request. This will ensure that the Ministry is able to efficiently begin reviewing the request.

The request should be sent in writing by mail or by email to:

Minister of the Environment, Conservation and Parks  
Ministry of the Environment, Conservation and Parks  
777 Bay Street, 5th Floor  
Toronto, ON M7A 2J3  
[minister.mecp@ontario.ca](mailto:minister.mecp@ontario.ca)

Director, Environmental Assessment Branch  
Ministry of the Environment, Conservation and Parks  
135 St. Clair Ave. West, 1st Floor  
Toronto, ON M4V 1P5  
[EABDirector@ontario.ca](mailto:EABDirector@ontario.ca)

The request should also be copied to the Region's Project Manager by mail or by email.

Paul Rastrullo  
Project Manager  
Region of Peel  
Tel: 905.452.2760  
Email: [paul.rastrullo@peelregion.ca](mailto:paul.rastrullo@peelregion.ca)

For more information on this study, please visit the Region's website at: [www.peelregion.ca/public-works/environmental-assessments/#current](http://www.peelregion.ca/public-works/environmental-assessments/#current) (Brampton)

The Region of Peel is committed to ensuring that all Regional services, programs, and facilities are inclusive and accessible. Please contact the Project Manager if you need any accommodations to provide comments and/or feedback for this study.

This notice was first issued on March 3, 2025
