

Stop, look, listen near construction sites

Stay away from construction sites

You could get hurt by debris and machinery

Use sidewalks

Stay safe by always walking on a sidewalk or marked walkway

Read and follow signs

Signs give direction so that you stay safe as you make your way around a construction zone

Make eye contact with workers so they know you are near

Avoid distractions

Pay extra attention and do not use phones as you travel near a construction zone

Don't play in construction sites

Stay out and don't play or hide in construction zones – These areas can be dangerous and are not meant for you to access
