About TransHelp

TransHelp is one of 3 accessible public transit providers in Peel and is compliant with the *Accessibility for Ontarians with Disabilities Act*. TransHelp provides door-to-door transportation that is:

- Pre-paid (payment to your account must be made in advance of any travel)
- Pre-arranged (trips must be booked in advance)
- Shared with other riders (you may be on the bus for up to 90 minutes as other passengers are picked up and dropped off along the route)

You can travel anywhere within Peel (Brampton, Caledon or Mississauga), 7 days a week, between 6 a.m. and 1 a.m.

For your safety, you must wear your seatbelt and keep it secured until your driver is out of the driver's seat.

TransHelp uses vendors to deliver a portion of its service so you may be picked up by a TransHelp driver in a TransHelp bus or a contracted vendor driving a taxi, van or other accessible vehicle. All contracted vendors will have a TransHelp decal visible on their vehicle and an ID badge.

Call us at **905-791-1015** Monday through Sunday from 8 a.m. to 12 a.m. (midnight) to book, change or cancel a trip, pay your account or update your personal information.

A customer service representative is available to assist 24/7 at **905-791-1015** if your scheduled ride does not show.

Types of trips

Specific trips

If you want to arrive at a destination for a specific time, the latest you can book your trip is 7 p.m. the day before you want to travel. The standard 30-minute pick-up window still applies.

For example, to book a trip where you arrive at your destination by 2 p.m. on Thursday, December 6, you would book your trip by 7 p.m. on Wednesday, December 5.

Flexible trips

If your schedule is flexible, you can book a flexible trip between 7 p.m. and midnight or even the same day you wish to travel. With a flexible trip, we'll call you to confirm your pick-up window and pick you up within 2 hours of your requested time. When you book a flexible trip, please provide a phone number where you can be reached.

For example, if you call at 9 a.m. to book a flexible trip for 1 p.m., we'll call you by 11 a.m. to provide the available pick-up times and confirm your pick-up window.

Booking a flexible trip is a great option if you do not need to arrive at a destination for a specific time. Some examples include grocery shopping, going to the mall, visiting friends or family. A flexible trip is not recommended for scheduled appointments, catching a flight, or meeting friends at a specific time; you will want to book by 7 p.m. the day before for this type of travel.

- 4 Passengers using a flexible trip will only be allowed three requests per trip and if they are refused, no more will be allowed that day. It is important to note that flexible trips are not guaranteed.

Negotiated Trips

During busy periods, if TransHelp is unable to accommodate your exact pick up or drop off time, we will coordinate a time as close to your requested schedule as possible.

Subscription trips

You can book a subscription trip for recurring daily, weekly or monthly travel (for example, work, school, or a regular appointment). This is the most convenient option for ongoing travel needs. Once your subscription trip is booked, we will pick you up on an ongoing basis. You only need to call if you want to change or suspend the subscription trip.

All subscription trips, with the exception of dialysis trips, are automatically cancelled on statutory holidays.

Pre-authorized payments are recommended for subscription trips (see page 15 for information about pre-authorized payments).

Return trips

The journey back from your destination is considered a return trip. You must schedule both your trip out and your return trip when booking.

When scheduling a return trip, consider any unexpected delays that may occur. For example, if you expect to finish your appointment at 3 p.m., ask for a return pick-up time of 3:15 or 3:30 p.m. to ensure you do not miss your trip.

If you require a return trip from a medical appointment, we recommend you book the trip 90 minutes following the medical appointment to allow enough time for any delays so you do not miss your trip. Wait at the same location where you were dropped off, unless you have made other arrangements at the time of booking. Be sure you have access to shelter and a phone in case your vehicle is late.

Cross-boundary trips

Cross-boundary trips take you outside of Peel's boundaries (beyond Brampton, Caledon or Mississauga) by transferring you to another specialized public transit provider at a designated transfer point.

Although you are responsible for booking your cross-boundary trip with the connecting municipality, please let us know and we can assist by sending your TransHelp eligibility information to the supporting Para-Transit provider.

To book a cross-boundary trip:

- You must contact both TransHelp and the neighbouring specialized public transit agency that provides transportation in the area you'd like to travel. (e.g. Milton Transit, WheelTrans, Mobility Plus, Care-A-van, ActiVan)
- When you book the first part of your trip, you will be given a transfer location.
- You can then book the second part of your trip using the transfer location provided from your first booking.

Transfer locations

You can travel into other municipalities on a cross-boundary trip by transferring to another specialized public transit provider at a designated transfer point.

These locations have been approved for use by both TransHelp and the partnering Para-Transit providers. TransHelp will not go to any other locations in a neighboring municipality aside from an approved transfer point.

- Mozilla Firefox
- Microsoft Edge
- Google Chrome

You must register your account and add your favourite locations before you can book online.

To register, visit peelregion.ca/transhelp. You'll need to provide your Client ID, email address, and birth date. Your email is your unique ID for your TransHelp account. After registering you'll receive a confirmation email to complete your registration.

To add your favourite locations, call 905-791-1015 or email transhelp@peelregion.ca.

We monitor this email account during regular business hours: Monday to Friday between 8 a.m. and 4 p.m. If we receive your email during business hours, we'll complete your request within 24 hours and send you a confirmation email. If we receive your email outside of business hours, we'll add the new address the following business day and send you a confirmation email.

If you have questions about booking a cross-boundary trip, call us at **905-791-1015** or email transhelp@peelregion.ca.

Email guidelines for adding an address

Put “Add address” in your email subject line.

Include this information in your email message:

- Your TransHelp Client ID.
- The full address of the location you would like added to your online booking account. This includes the address number, street name, city or town and postal code.
- Any address you would like us to remove. You can have up to 8 locations on your account. If adding a new location means your total number of addresses will be more than 8, tell us which address you’d like us to remove.

Real-time vehicle tracking

If you’re scheduled on a TransHelp vehicle, you’ll be able to see its location in real time through the “Where’s my ride” tracking feature. This feature is available for most vehicles but not our entire fleet.

Visit peelregion.ca/transhelp/online-booking for more information about how to book online.

When you’re ready to book a trip

When booking online or by phone, you can book 7 days a week (except for statutory holidays).

You can also:

- Book your trip up to 7 days in advance.
- Book by 7 p.m. the day before you’d like to travel, if you’d like to be picked up for a specific time.
- Book a flexible trip up to 2 hours before when you’d like to travel.
- See the “Types of Trips” section in this Passenger Guide for more information.

Before you book

When you book a trip online or by phone, please have the following information ready:

- Your Client ID.
- The date and time you wish to travel (pick-up and return).
- The address of your destination.
- The number of support persons/companions travelling with you (maximum combination of 2 per trip).
- The type of mobility device you use. If using a wheelchair or scooter, the mobility device's width must be smaller than 34"x 52" and the combined weight of passenger and device must be less than 362 kg (800 lbs).

If you travel with a mobility aid, the mobility aid confirmed at the time of booking is the aid you must travel with for that trip.

When you book your trip, you will receive a 30-minute pick-up window

When you are **being picked up from a house**, be ready and waiting at the nearest accessible door at the start of your pick-up window. The driver will knock or ring the doorbell if he or she doesn't see you at your scheduled pick-up time.

If you are being picked up from an apartment building or condominium, be ready and waiting in the lobby near the first accessible door at the start of your pick-up window. Your driver is not required to buzz up.

10

If you are being picked up from a common area (mall entrance, hospital, etc.) your driver will come to the pick-up location and call out your name.

To change a trip, call **905-791-1015**.

Confirm **your trip details**

When you book a trip online, you'll get an email instantly with your trip details.

If you've booked a same-day flexible trip online or by phone, a TransHelp staff member will contact you to confirm a pick-up time.

If you booked at least one day before the date you'd like to travel, log in to your account online or call the IVR a **905-791-1015** and press **"1"** to confirm your trip details. When you log in or call, your location, pick-up window, and the type of vehicle coming to pick you up will be confirmed. The closer you check your trip details to your actual travel day and time, the more accurate the information will be.

TransHelp offers automatic calls 30 minutes before your trip to remind you of its arrival. Please contact us to have this feature added to your account.

Cancel a trip

If you're unable or no longer want to travel, please tell us at least 4 hours before the start of your 30-minute pick-up window.

You do not cancel your trip 4 hours before the start of your pick-up window, the fare will be deducted from your account and demerit points will be added.

For more information on demerit points, flip to page 21 of this Guide.

There are 3 ways to cancel:

1. Cancel online using your computer or smartphone at peelregion.ca/transhelp
 - Log in to your account using your Client ID and online password
 - Select "Review or cancel trips"
 - Select the trip you would like to cancel
 - Confirm the cancellation
2. Cancel using Interactive Voice Response (IVR)

 - Press "2" and follow the prompts
3. Speak with a representative.

12

- Call **905-791-1015**

Trips generate in the booking system 7 days in advance. When cancelling a subscription trip online or through IVR, be sure to also cancel any trips that have already been scheduled for that week.

Miss a trip

If you are not at the pick-up location when the vehicle arrives within the 30-minute pick-up window, your trip will be considered a no-show and the driver will continue their route. If this happens, the driver will stick a “no show” slip at the first accessible door or on the “no show” board. The full fare will be deducted from your account and demerit points will be added. For more information on demerit points, visit page 21.

If Transhelp brought you to a location and you miss your ride home and still require a trip, please let us know, we will not leave you stranded. Once advised, TransHelp will arrange for a standby trip at the earliest opportunity.”

If you miss a trip, all trips booked for that day will be automatically cancelled. If you still need a trip (outgoing or return), call **905-791-1015** immediately to reschedule. Your rescheduled trip will now be considered a flexible trip (see page 4 for information about flexible trips).

If your vehicle has not arrived by the end of your 30-minute pick-up window, call **905-791-1015** and press “2” to report it.

Statutory holidays

One week before each statutory holiday, find out how booking hours and service are affected. You can:

- visit the TransHelp homepage at peelregion.ca/transhelp;
- visit your online account (message will appear once you log in); or

- No flexible trips are accommodated on the day of a statutory holiday.

If you still need a trip on a statutory holiday, please let us know so we do not cancel any pre booked trips.

TransHelp will not alert you when funds in your account are low. It is your responsibility to maintain a positive balance in your TransHelp account. You can check your account balance by logging into your TransHelp account online at peelregion.ca/transhelp or by calling **905-791-1015** and pressing **1**.

If you close your TransHelp account, we will refund the balance remaining by cheque upon request.

TransHelp may close your account if:

Pre-authorized payment lets TransHelp post a recurring payment for your future trips. By setting up pre-authorized payments, your account will remain up to date and your subscription trips will not be disrupted.

If your circumstances change and you no longer want us to automatically bill your credit card or bank account, tell us 1 month in advance and we will cancel the pre-authorized payment.

Monthly passes

A monthly pass (MPASS) costs \$124 per month and provides unlimited travel in a single month. To buy a monthly pass, call **905-791-1015**.

While Support Persons travel for free, travel companions are not covered by the MPASS. Their fare must be paid separately.

Monthly passes are available for purchase one month in advance. Once the month has begun, the monthly pass for that month is no longer available for purchase. (For example, you must pay for a June monthly pass in May.)

If you want to preauthorize future MPASS purchases, those deductions must be done by the 20th the month before. (For example, you must preauthorize future MPASS purchases for June by May 20th).

If you're on a pre-authorized payment plan and do not want to purchase an MPASS for the following month, you must call **905-791-1015** to inform us before the 20th of that month.

Even with a monthly pass, you must cancel your trip 4 hours before the start of your pick-up window. If you don't, you will be charged the fare for that trip.

Arrears

If you owe money on your TransHelp account that should have already been paid, your account is in arrears.

If you have a negative balance of \$-37.50 (10 trips booked in arrears), you'll get a letter from TransHelp telling you your account is in arrears.

You have up to 30 days to make a payment that brings your account back into good standing. For example, if you get an arrears notification letter on March 5, you have until March 31 to make a payment.

If we do not receive a payment that brings your account back into good standing by the end of the month, you'll get a letter advising that your TransHelp account has been suspended.

If your account is suspended, you will not be able to book trips or purchase a monthly pass and any subscription trips will be cancelled.

Once a payment is made that brings your account back into good standing, the suspension will end, and you'll once again be able to book trips, buy a monthly pass and any subscription trips will resume.

To check your account balance, log into your TransHelp account at peelregion.ca/transhelp or call **905-791-1015** and press **1**.

There are 2 ways to appeal a suspension. You can submit a request online at web.apps.peelregion.ca/forms/s/TransHelp-eligibility-appeal-form or call **905-791-1015**. When calling to appeal your suspension, you will be asked to provide an explanation of why you disagree with the decision.

Taxi Vouchers

As a TransHelp passenger you are eligible to use Taxi Vouchers. Taxi Vouchers is a subsidized taxi service. This means the fares are lower than actual taxi fares and the taxi company is reimbursed the difference.

Buying Taxi Vouchers

You need a Taxi Vouchers ID card to buy and use Taxi Vouchers. To pay for Taxi Vouchers using Visa or Mastercard and/or to get a Taxi Vouchers ID, call **905-791-1015**.

A \$40 book of Taxi Vouchers costs \$25. You may buy a maximum of five books per month. You must buy Taxi Vouchers in advance either by phone or in person. Payments cannot be made through online banking.

Once we've processed your order, we'll deliver your Taxi Vouchers by mail. Please allow more time for delivery during busy periods such as the holiday season.

We'll add one demerit point to your account if you cancel late.

Two demerit points will be added to your account if you cancel at the door when the driver arrives or if you are absent at your scheduled pick-up time (a no-show).

Rides can be cancelled four hours before the start of the 30 minute pick-up window.

You can check your demerit points balance by calling **905-791-1015**.

Demerit points will not be added to your account if:

- You cancel at least four hours before the start of your 30-minute pick-up window (you can cancel your trip online, using IVR or by phone)
- The vehicle arrives outside of the 30-minute pick-up window
- It's a Severe Weather Day.

How the demerit point system works

Demerit points increase within a rolling window of 4 months. They are added to your account on the first day of every month.

- If your account reaches 7 demerit points, we'll send you a notification letter.
- If your account reaches 14 demerit points, we'll send you a second notification letter.
- If your account reaches 21 demerit points, we'll send a third notification letter telling you that your account has been suspended for 14 days.

Account suspensions

23

If your account is suspended for 14 days, it will not automatically go back to 0 points at the end of the suspension.

Demerit points stay on your account after a suspension, but any demerit points on your account on the first month of the 4-month window will be removed as you move into the fifth month.

Appealing this decision

There are 2 ways to appeal. You can submit a request online or call **905-791-1015**.

When calling to appeal your suspension, you will be asked to provide an explanation of why you disagree with the decision.

You can cancel your trip 3 ways:

- Log into your TransHelp account online at peelregion.ca/transhelp
- Call **905-791-1015** and press **1** to cancel using IVR
- Call **905-791-1015** and press **2** to cancel by phone

Wheelchairs and scooters

Mobility aids such as wheelchairs and scooters must meet specific size, weight, and safety guidelines:

- Weight: The total weight of the wheelchair or scooter and passenger combined must be no more than 362 kg (800 lbs).
- Size: A wheelchair or scooter base must be no larger than 86 x 132cm (34 x 52 inches).
- Safety: Flags and other projections are not allowed.

For passengers travelling with a scooter:

- Scooters will be safely secured using the proper restraint system in a forward-facing position.
- You may move to a seat from your scooter if you are able to do so with minimal assistance.
- Passengers who wish to remain on their scooters will be fitted with a seatbelt that secures them to their mobility scooter.
- Passengers choosing to transfer to a seat must wear a seatbelt and keep it buckled at all times while seated in a TransHelp vehicle.
- For safety reasons, items including bags and/or ornaments should not be placed on steering handles of the scooter or off the sides.

You may have the option to purchase a mobility device with brackets for securement. Please be aware that your driver will secure your device using only hooks that display specific yellow or white stickers as they have been tested and approved. If the stickers are not present, your driver will use a solid or welded part of your chair for securement.

Weather Advisory

TransHelp will declare Weather Advisory Days when weather is expected to impact service. Weather may include snow, hail, rain, extreme heat and air quality.

On Weather Advisory Days:

- Poor road conditions can result in late pickups and arrivals
- Flexible trips are not provided
- Trips can be cancelled up to 2 hours before the start of the pick-up window without being charged the fare

When a Weather Advisory Day is called, we will:

- Post an alert online
- Play a message on the IVR phone system

On Weather Advisory Days, we ask that you:

- Call your destination to make sure it's still open
- Make sure your driveway, ramp and stairs are clear of snow and ice
- Call the IVR or login at peelregion.ca/transhelp to confirm your trip details in case of delays
