Peel Affordable Rental Incentives Program (PARIP) 2025 Guidelines and Application Requirements

ADDENDUM 1

Number of Pages: 2

Referring to section **4.3.3 Scored Criteria: Social outcomes** of the 2025 PARIP Guidelines and Application Requirements, the **Accessibility criteria** is correct as indicated in the guidelines, "More than 15% of the units designed with accessibility features as defined in the Ontario Building Code (OBC)."

The previous Accessibility Criteria Attestation incorrectly referencing the CSA standard B651-23/B652-23 has been amended.

A revised Accessibility Criteria Attestation is attached to this Addendum.

For the multi-unit affordable rental housing project located at (indicate municipal address)

(the “Project”)

I, the undersigned, in my capacity as (indicate as applicable: architect or accessibility consultant):

with expertise and experience in the field of (describe as applicable e.g., accessibility, universal design, etc.):

do hereby certify that:

The Project shall be 100% visitable and all common areas within the Project shall be barrier free, each in accordance with the Ontario Building Code.

AND

% of the units are considered accessible in accordance with the Ontario Building Code.

1. Any major changes to the Project design that will result in changes to the indicated % of units considered accessible will be brought to Peel Region’s attention in a timely manner.
2. I acknowledge that the accessibility analysis upon which this attestation is based may be reviewed, audited, or assessed for accuracy and best practices by Peel Region.
3. I agree to provide timely responses to questions from Peel Region regarding the analysis and findings and, if necessary, provide a revised attestation.
