Funding a Growing Community

Issue	Approach
Service Demand	Meet priority needs of a growing and aging community with the expectation of the Province meeting its funding commitments
Population growth	Paramedics, Public Health, Seniors Services, Housing, and Early Years and Child Care partially funded by the Province, balance by property tax, reserve draws and efficiencies
Inflation	Shortfall funded by a combination of cost savings, reserve draws and property tax

Efficient and Effective Service Delivery

- The Region has a disciplined approach to Continuous Improvement
 - Program evaluation
 - Business process management or LEAN
 - Service level reviews
 - Line-by-line reviews
 - Alternate service delivery models
 - Identified areas for cost savings and cost avoidance
- Expanding the understanding of LEAN to more staff to identify opportunities for improvement

Continuing to find ways to save money

Managing long-term debt requirements

Strategic, Planned Approach

- Regional net debt outstanding ~\$1.4 billion, as at Oct. 31, 2024.
- Debt levels are expected to increase to help finance infrastructure requirements needed to meet Province’s growth targets.
 - Growth in Non-DC contribution to Annual Repayment Limit (ARL) are being driven primarily by increasing borrowing requirements for community safety.
- Reduction in financial flexibility.
 - Increasing and more immediate borrowing requirements relative to historical levels.
 - ARL expected to increase but remain below provincial limit however, future borrowing capacity may be limited given the expected increase in ARL over the 10-year planning horizon.
